

**David Rogers**  
**Speaker & Author, “The Digital Transformation Playbook”**  
**Faculty, Columbia Business School**

David Rogers, a member of the faculty at Columbia Business School, is a globally-recognized leader on digital business strategy, known for his pioneering model of customer networks and his work on digital transformation. He is author of four books, including “The Network Is Your Customer,” and his new book, “The Digital Transformation Playbook: Rethink Your Business for the Digital Age” (April 2016).

At Columbia Business School, David teaches global executives as the faculty director of programs on Digital Marketing and Digital Business Strategy. His recent research with Columbia’s Center on Global Brand Leadership has focused on big data, the Internet of Things, in-store mobile shoppers, digital marketing ROI, and data sharing. David is also the founder and co-host of Columbia’s acclaimed BRITE conference on brands, innovation, and technology, where global CEOs and CMOs come together with leading technology firms, media companies, and entrepreneurs, to address the challenges of building strong brands in the digital age.

Rogers has consulted and developed custom executive programs for global companies such as Google, GE, Toyota, Pernod Ricard, Visa, SAP, Lilly, Combiphar, IBM, China Eastern Airlines, Kohler, Saint-Gobain, and MacMillan, among many others. He has delivered strategic workshops for executives in hundreds of companies from 64 countries.

Rogers delivers keynotes at conferences worldwide on digital transformation, digital marketing, big data, and the impact of emerging technologies on business. He has appeared on CNN, ABC News, CNBC, Marketplace, Channel News Asia, and in *The Financial Times*, *The Wall Street Journal*, *Forbes*, and *The Economist*. He received the 2009 Award for Brand Leadership at the World Brand Congress, is a board member of the Marketing Hall of Fame, and is President-elect of the NY American Marketing Association.

## Book Jacket Summary

The Digital Transformation Playbook: Rethink Your Business for the Digital Age

David L. Rogers

(April 5, 2016; Columbia Business School Publishing)

### *Rethink your business for the digital age.*

Every business begun before the Internet now faces the same challenge: How to transform to compete in a digital economy?

Globally recognized digital expert David Rogers argues that digital transformation is not about updating your technology but about upgrading your strategic thinking. Based on Rogers's decade of research and teaching at Columbia Business School, and his consulting for businesses around the world, *The Digital Transformation Playbook* shows how pre-digital-era companies can reinvigorate their game plans and capture the new opportunities of the digital world.

Rogers shows why traditional businesses need to rethink their underlying assumptions in five domains of strategy—customers, competition, data, innovation, and value. He reveals how to harness customer networks, platforms, big data, rapid experimentation, and disruptive business models—and how to integrate these into your existing business and organization.

Rogers illustrates every strategy in this playbook with real-world case studies, from Google to GE, from Airbnb to the *New York Times*. With practical frameworks and nine step-by-step planning tools, he distills the lessons of today's greatest digital innovators and makes them usable for businesses at any stage.

Many books offer advice for digital start-ups, but *The Digital Transformation Playbook* is the first complete treatment of how legacy businesses can transform to thrive in the digital age. It is an indispensable guide for executives looking to take their firms to the next stage of profitable growth.

**David Rogers** is faculty director of Columbia Business School's executive education programs in Digital Business Strategy and Digital Marketing and founder of the BRITE (brands, innovation, and technology) conference. He advises global companies such as Google, GE, Toyota, Visa, China Eastern Airlines, Kohler, and Macmillan on digital strategy and has led strategic workshops for executives in hundreds of companies from 64 countries. His most recent book is *The Network Is Your Customer* (2011).

## **Praise for *The Digital Transformation Playbook***

“Seldom have the effects of digital change on legacy businesses and innovators alike been so succinctly explained. David Rogers uses frameworks and case histories to illustrate how and why the times they are a changin’. And more importantly, exactly how to adapt.”

—**Bob Garfield, cohost of NPR’s *On the Media***

“In this indispensable (and highly readable) guide, Rogers shares what we can learn from today’s greatest digital innovators. Packed with illuminating case studies and practical tools, *The Digital Transformation Playbook* maps out clear strategies for thriving in the digital age. Don’t start a business without it.”

—**Neil Blumenthal, cofounder and co-CEO, Warby Parker**

“Everyone talks about digital transformation, but here’s your chance to truly do it well. Rogers provides a roadmap that every executive should read. If you’re not part of the transformation of your business, it will happen without you. Read this book and get started!”

—**Sree Sreenivasan, chief digital officer, Metropolitan Museum of Art**

“Every so often, a book comes along that takes a subject that is mysterious and complex and drills down to its essential essence. Think of the *Digital Transformation Playbook* as your secret weapon for getting ahead of the extremely disruptive innovations transforming business at breathtaking speed. You can’t afford not to know this stuff!”

—**Rita McGrath, author of *The End of Competitive Advantage***

“Rogers expertly captures the moment we’re in—the swiftly changing business landscape brought on by the digital revolution—and gives practical guidance for the decisions every business must make if they want to stay relevant.”

—**Russell Dubner, president and CEO, Edelman U.S.**

“Rogers explains the changes at the heart of the digital revolution. More importantly, he shows us that change is possible and how any business, no matter its age or industry, can adapt to grow for the future.”

—**Bernd Schmitt, author of *The Changing Face of the Asian Consumer***
